

Health Centers Deliver Value

COMMUNITY HEALTH CENTERS are consumer-driven, patient-centered local health care organizations that provide care to people who live in areas of high need. Their services are tailored to fit the unique needs of the communities they serve, and their mission is simple: provide high-quality, affordable, and comprehensive medical services to everyone – regardless of who they are, where they come from, or their ability to pay.

OUR DOORS ARE OPEN TO EVERYONE.

In 2018, health centers served more than 709,000 people:

635,916
live
in poverty

48,866
are
homeless

214,185
are
children

13,627
are agricultural
farm workers

229,048
identify as racial or
ethnic minorities

15,405
are
veterans

Most community health center patients are uninsured or publicly insured:

INNOVATION LEADS TO BETTER OUTCOMES.

Health centers are leaders in population **HEALTH INNOVATION** and have pioneered coordination of **SERVICES FOR BETTER CARE.**

Health centers perform better on **ambulatory care quality measures compared to private physicians.** In fact, health center patients have higher rates of diabetes and hypertension control.

HEALTHY PEOPLE CREATE A HEALTHY ECONOMY.

Michigan health centers don't just put people back to work, they also **CREATE JOBS** and promote economic growth. According to the most recent figures, in Michigan alone, health centers helped create 39,856 jobs and facilitated a total economic impact of \$1.3 billion.

6,000 people

Michigan health centers employ more than 6,000 people of all skill and education levels.

2.7 million

In total, staff at Michigan health centers provided more than 2.7 million patient visits last year.

\$24 billion

Nationwide, health centers save the health care system \$24 billion **EVERY YEAR**.

Nationally, health centers' average daily cost per patient is lower:

Health centers (on average) save more nationwide than \$2,300 (24%) per Medicaid patient:

COVERAGE EQUALS CARE

PREVENTIVE, INTEGRATED CARE offered by Michigan health centers makes it easier to catch problems early – when they're easier and less expensive to treat. Community health centers are also on the **FRONT LINES** of the opioid epidemic, providing evidence-based treatment to support recovery. In 2018, health centers provided...
