Make Us Your Patient-Centered Medical Home

Having an established primary care provider is an important part of your “medical home.”

Your provider gets to know your health history, understands your needs, and becomes a trusted partner in your care. They offer preventive services, manage ongoing conditions, and provide treatment when you're sick.

Your primary care provider also coordinates with specialists when needed, helping ensure you receive the most complete and connected care possible.

Hours

Monday - Friday
7:00 a.m. to 5:00 p.m.

After-Hours Access to Care is available whenever our office is closed.

Phone (231)-348-9900 and select “8 for Access” to be connected to a member of the After-Hours Care Team.

If you have a medical emergency dial 911.
