New Patient Portal!

Take Control of Your Healthcare

Make it easy with the new NextGen® Patient Portal

How can it help me?

The *new* NextGen Patient Portal helps you conveniently and securely connect with your (or your dependents') doctor, manage care, and view health information on a web-enabled device.

Features available (varies by practice):

Messaging
Ask your doctor or care team a question share an update and/or send an attachment

Appointments
View and manage appointments

Medications
Request refills and/or renewals and review your prescription medications

Health Record
View visit summaries, lab results, and other documentation

Health Forms
Complete paperwork before your appointments

Pay Bills
Pay your medical bills online

Three easy steps to get started

1. Provide a valid email address to your doctor's office. You'll receive an invitation to enroll.

2. Create a username and password, then follow onscreen prompts to activate your account.

3. Use your username and password to securely stay in touch with doctors and access your health information anytime, anywhere.

Ask us about managing your health using the *new* patient portal!
